Notes.

C1193.
Shenmore Court area.

We are obliged to take on the clearing of the drainage system in this high risk flood area as despite several written requests from ourselves and the parish clerk spread over at least 3 months, and a site visit with the Locality Steward, BBLP have seen fit to ignore the issue and have not attended with their jetter.

RECORD OF WORKS CARRIED OUT BY TERRY GRIFFITHS CONTRACTS

We have once again cleaned out the gullys and reformed the leads and this occasion partly cleared some of the system. Hopefully on our next visit we can complete the work and save this area from further flooding.

We can only apologise to the parish council and the local residents for not proceeding with the clearance work earlier but as I have stated in past reports on this issue we were concerned about depleting up our sparse funding carrying out work which should have been supported by the managing agent.
